Subject: Followup Phonecall to Dan Powell - Cherry Hill bond extension

m/049/021

On 3/20/03, I tried for over an hour to reach Mr. Powell this morning on his work phone number. The line remained busy. I called his cell phone number and left another voicemail message confirming our offer to extend his deadline another two weeks until April 3rd. I asked him to please return my call to confirm his acceptance of this timeframe. We would then send a letter confirming the extension.

Please copy to minefile.
